Dear Hiring Manager,

I am writing to express my interest in the Senior Software Developer position at your company. With over 8 years of experience in full-stack software development, I am confident in my ability to contribute effectively to your team and deliver high-quality solutions.

I have developed a portfolio website that showcases the applications I have built, along with user manuals for each project. This provides a comprehensive view of my technical capabilities and approach to software development. You may view my work at the following link:

I would welcome the opportunity to discuss how my skills and experience align with your team's needs. Thank you for your time and consideration.

Sincerely,

Christopher Lee Cajés
